### 3. Abolishment of the shareholder special benefit plan

#### (1) Reasons for the abolishment

The Company has been offering the shareholder special benefit plan to show appreciation for its shareholders for their continued support, deepen further their understanding of its group businesses and products, and encourage more people to hold its shares.

In recent years, the Company has promoted information sharing and information disclosure through IR activities, deepening shareholders' understanding of the Company. As a result, the Company has mostly achieved its original goal. Simultaneously, the Company has carefully studied how profits should be returned to shareholders in the future, concluding that it would make more sense to enhance shareholder returns centered on dividends of surplus. Based on this conclusion, the Company has decided to abolish the shareholder special benefit plan.

The Company will continue to position the return of profits to shareholders as an essential management mission and strive to pay dividends stably and sustainably. Shareholders' understanding in this regard would be appreciated.

#### (2) Timing of the abolishment

The Company last offered the shareholder special benefit plan for shareholders registered or recorded in the list of shareholders as of March 31, 2020, who hold a unit (100 shares) or more of the Company's shares. The Company will no longer offer the shareholder special benefit plan.
